

### **Hey, You!**

Yeah, you—the one ready for something exciting, something life-changing. Quake is your weekend to have a blast, make new friends, and grow in your faith.

### **Why You Need to Be at Quake:**

#### **It's All About You**

Quake is for middle and high schoolers ready to dive into their faith, ask big questions, and discover what it means to live with purpose. Whether you're new to faith or have been at it a while, Quake is for you.

#### **Get Ready to Be Inspired**

We've lined up engaging speakers to challenge and inspire you. Their stories are all about helping you find your identity in Christ and making a difference in the world around you.

#### **Worship Like Never Before**

The music at Quake? Next-level. Our large group Celebration is electric, connecting you with God in a powerful way, surrounded by others on the same journey.

#### **Real Talk with Real People**

Quake is more than just sitting and listening. During Family Time, your group will talk about life, ask deep questions, and share thoughts. It's a chance to be real and grow together. You can even invite the band or speaker to join you!

#### **Fun? You Bet.**

This isn't a sit-still weekend. With Late Night Activities like a dance, G3 Lair (gaming), 9-Square, arts-n-crafts, and more, your adrenaline will be pumping. You'll make memories with friends that last long after Quake is over.

#### **Why Wait?**

Quake is your chance to step away from the everyday, dive into something amazing and come out the other side changed for the better.

**SEE YOU AT QUAKE!**
