WORKSHOPS

Next to each workshop, you'll see the location and one or more colored boxes. These boxes match the colors below and show which time(s) the workshop is offered. Students should attend workshop registration to guarantee their spot. Adults do not need to register for workshops.

Blue | 11:15 am

Green | 2:00 pm

Yellow | 2:50 pm

ADULT LEADER WORKSHOPS

The Crossroads of Geeky and Faith | Lem Fillyaw | (Eagles Nest)

How do we meet our youth where their passions are and help them truly see what God is saying to them in those moments? Come join Bad Gamer Elite in this open forum discussion and learn more about this special ministry to youth. Let's share our successes and challenges, as we seek to connect with youth on their level and in their language.

Youth Leader Round Table | Lucas Tuttle | (Eagles Nest)

Whether you are new to youth ministry or have been leading for years, let's take some time this weekend to come together and share. What has worked well for you? What are you struggling with? Come share some stories, ideas and support each other, as we continue to lead our young people on their faith journeys in this ever-challenging world in which we live. You are the leaders in this session so come prepared to share and learn!

MIDDLE SCHOOL & HIGH SCHOOL WORKSHOPS

G:3 Anchored to Your Hotbar | Lem Fillyaw | (Eagles Nest)

Just like we equip abilities to survive in our games, we need to equip Scripture in our hearts so we are ready when temptation or pressure shows up in our lives.

Leadership: Spot the Difference! |

Steven Wagner, The Awaken Project | (Owl Overlook)

It's easy to point out bad leadership, full stop. No matter where we find ourselves in the world, we can usually point out poor leadership choices, behaviors, and patterns when we see them. On the other hand, can we recognize high quality leadership when it is in front of us or around us? Join Steven in discerning what high quality, Christ-minded leadership looks like in others and ourselves. Be ready for plenty of group participation in this workshop!

Production 101 | The Production Boys | (MN II-IV)

Would you like to learn how to get started working on the production team at your church? Get some tips with hands on media, mixing and lighting!

MIDDLE SCHOOL & HIGH SCHOOL WORKSHOPS

Stump The Band | 100 White Flags | (White Pelican Bay)

Is the Bible real? What does God say about _____? Why is the sky blue? Collectively, 100 White Flags has over 100 years in ministry, degrees in math, engineering, art and education and life experiences that have taken them all over the world. Bring your questions and curiosity and ask any question in a totally anonymous setting.

Trusting God in Everyday Life | Stephanie Stevens | (Hawks Ridge)

What does it mean to REALLY trust God? Why is it so difficult sometimes? Life can feel overwhelming with school, friendships, family challenges and future uncertainties but God invites us to trust Him even when things don't make sense. Through real-life stories and discussion, in this interactive and engaging session, students will explore these questions and more. Come learn how to trust God in all circumstances.

Tok Talk | Wes Halula | (Cardinal Perch)

Social media is a massive part of our lives. It can be a lot of fun. And it can cause anxiety. We'll talk through how society has gotten here and where it's going. And we'll think about how we can use social media without letting it use us.

Choose Your Own Adventure! The Awaken Project | (Wood Duck Pond)

Come to this workshop and take up the role of adventurer! With God as your anchor, you will help restore light to a dark and corrupted land, as you hold fast to Him! There will be trials, strategic planning, and a lot of decision making, as you work in teams.

Partner With Orphan Grain Train to Help Those in Need |

The Awaken Project | (MN I)

Be part of something big! Help package meals that will be used locally and abroad to aid in disaster relief and help combat world hunger. Meals packaged at Quake will be sent to South Sudan, Ukraine, Haiti, Liberia, and disaster areas around the world hit by fires, hurricanes, tornadoes, etc...including the United States.
